THE RIGHT ATTACHMENT FOR YOUR JOB
THE RIGHT ATTACHMENT FOR YOUR JOB

EDGE Attachments is your trusted source for a complete range of compact loader and excavator attachments for your compact equipment. From buckets and grapples, to hay handling and snow removal - EDGE Attachments has the right offering to keep your equipment running year round.

30
COMPACT LOADER ATTACHMENT RANGES

8
COMPACT EXCAVATOR ATTACHMENT RANGES

OUR GOAL IS SIMPLE

Fulfill the attachment needs of our equipment owners with great products and immediate delivery backed by a friendly, experienced support staff.
GET HOOKED ON EDGE ATTACHMENTS

COMPACT LOADER
SKID STEER, TRACK LOADER, ARTICULATED LOADERS

Gehl and Mustang loaders are engineered to provide the hydraulic power and capacity ranges to power a wide variety of attachments. Easy-to-utilize attachment mounting systems make attachment changes fast and easy.

ALL-TACH® SYSTEM
All models feature the easy-to-use All-Tach® (universal-style) attachment mounting system compatible with most allied attachments.

POWER-A-TACH® SYSTEM
Power-A-Tach® system option allows users to quickly install and remove attachments. An operator leaves the seat only to connect auxiliary hydraulics.

COMPACT EXCAVATOR

Gehl and Mustang compact excavators allow for the change of attachments with a flip of a switch in the cab. The hydraulic Power-A-Tach® Quick Coupler allows attachment changes from the operator seat, the operator leaves the seat only to engage and disengage the safety pin.

EDGE Attachments are compatible with all brands and models of skid loaders and compact excavators.
Shown: EDGE land leveler with scarifier, ELIMINATOR® scarifier (a registered trademark of Loegering), power rake, auto rake, grader rake, roto-tiller, PREPARATOR® (a registered trademark of Paladin) and sod unroller

LANDSCAPE

LOG SPLITTERS

Shown: EDGE inverted log splitter

PALLETS FORKS

Shown: EDGE standard and medium-duty walkthrough, hydraulic sliding tine, and hydraulic side shift

POST DRIVERS

Shown: EDGE standard post driver and post pounder and puller

QUICK ADAPTERS

Shown: EDGE universal adapter plate, weld-on brackets and hydraulic tilt attach adapter

SCALE

Shown: Onboard weighlog scale and optional printer

SCRAPPERS

Shown: EDGE manure scraper and feed/alley scraper

SILAGE DEFACER

Shown: EDGE stump removal bucket, hinged-pivot self-feeding and standard stump grinders

TIRES

Shown: Solid FLEX, severe duty, and heavy duty styles

TRACKS

Shown: EDGE Crossbar, hard pad, and soft pad tracks

SNOW TOOLS

Shown: EDGE oscillating snow push, snow blower, trip-edge snow blade, salt/sand spreader, and 5-way V-blade
